

TEXAS BURN
SURVIVOR
SOCIETY

September 10, 2004

Dear Mr. Lopez;

The Texas Burn Survivor Society (TBSS) is deeply indebted to the San Antonio Fire Department for the longstanding service and gifts provided by the dedicated men and women of the department. This past week we conducted our 9th burn camp for critically burned young people. Volunteers and TBSS staff has concluded that it was the best camp yet.

Your club arrived on a glorious Saturday morning in the Texas hill country to the delight of our critically burned youth. It was certainly a highlight of the camp and great way to culminate a week of fellowship, activities, and learning.

The firefighter's role at camp it seems to me is critically important given the desperate need young people in general have for quality for role models. You and the others exemplify character and integrity sadly lacking in today's society.

Without the very generous gift of time offered by you and the other volunteers the camp would be impossible to offer. The campers are very special young people with special needs and a challenging life ahead. On behalf of the board of directors of the Texas Burn Survivor Society I want thank you for your efforts and kindness to the campers.

Sincerely,

Craig A. Rose
Executive Director,
Texas Burn Survivor Society
